

REMARKS

The specification has been amended to reflect the national stage status.

The claims have been amended to remove the multiple dependencies in order to reduce the PTO filing fee.

In addition, the "use" claims have been rewritten in conformance with U.S. practice and the limitation "pharmacologically acceptable carrier" is supported in the specification at page 294, lines 17-18.

Favorable action on the merits is solicited.

Respectfully submitted,
